

# Stewardship of the Property

## Solar Project “Panel Dedication” Campaign

October 23, 2020 was an exciting day for St. Thomas'. It was the “go live” date for our solar farm and represents years of planning. The objective for installing the panels was to reduce ongoing operating costs and boldly support the Genesis Covenant’s challenge to reduce the greenhouse emissions from all facilities by 50%.

We are off to a terrific start.

Initial financing for the panels was made possible with donations from approximately a dozen parishioners. However, to complete the transfer of ownership of the panels to the Church and enable dramatic savings to ongoing electric bills, additional funding is needed. We are thrilled to announce the opportunity for our Parish and friends to support this effort by dedicating a panel, or panels, to a family member, friend, in memoriam, or in your own name.

The suggested donation is \$200 per panel and there is no limit to the number you can dedicate. Contributors will be recognized by name only (or as anonymous, if preferred).

By contributing to this effort at St. Thomas', our stewardship can collectively be part of something lasting and important. Your donation would benefit the environment as well as enable vastly reduced electric bills for years to come...a gift to the future generations at St. Thomas'.

Please complete the form below and with payment either place in the offertory bowl on Sunday or mail to the Church office (St. Thomas' Church/SOLAR, 7020 Camp Hill Road, Fort Washington, PA 19034). For any additional questions, please contact [solar@stthomaswhitemarsh.org](mailto:solar@stthomaswhitemarsh.org) or Tamika Gerhardt at 215-233-3970 ext. 3.
